Application Procedures

- 1. This form is applicable to declaration of additional major(s) offered under the same or different degree. Exceptions are students in the School of Business and Management who will declare their additional major(s) under the same degree. They should approach the major program office or Dean's Office for advice.
2. Students who wish to declare or withdraw from additional major should complete Sections I and II below, and seek approval from the program office offering the additional major. The students should then pass the Form to their home program office (first major) for approval before it is forwarded to the School (of first major) for endorsement. In the event of declaration of more than one additional major, the approval from program offices of all additional majors is required.
3. To facilitate the decision process, students should enclose to this application their Unofficial Academic Transcript. In consultation with the major program offices, the students will need to work out a sample term-by-term study plan to meet the curriculum requirements within a reasonable duration of study.
4. Students will be notified of the result of the application by the Academic Registry.
